MEDICARE PRESCRIPTION DRUG WORKSHOPS ARE SET

CRANSTON --- With the approaching Annual Enrollment Period (AEP) for the Medicare Prescription Drug Plans (Medicare Part D) fast approaching, the Rhode Island Department of Elderly Affairs (DEA) is sponsoring a series of workshops so that Medicare beneficiaries can look at their Part D plan options for the coming year. The AEP runs from November 15 through December 31.

During the AEP, Medicare beneficiaries can join a Part D Medicare Prescription Drug insurance plan. They can also change to a different Part D plan. The effective date of these changes will be January 1, 2010. If a beneficiary does not want to change their Part D coverage, the beneficiary does not have to take any action.

Persons entitled to Medicare Part A (Hospital Insurance) and/or persons enrolled in Part B (Medical Insurance) are eligible to participate in a Medicare prescription drug insurance plan.

Beginning January 1, 2006, Medicare prescription drug plans became available to 41 million Medicare beneficiaries. Rhode Island has approximately 176,000 Medicare beneficiaries. The prescription drug insurance program is part of the Medicare Modernization Act of 2003 and is one of the most significant changes in Medicare since its inception in 1965.

“We are very happy to work with our other community partners to make sure that Medicare beneficiaries get the information that they need to make informed choices,” declared Corinne Calise Russo, DEA Director.
